## Exploring Jayne Shord's photos

Jayne loves to take pictures, but she rarely showed them to anyone. Once we saw them, we loved her work and asked if we could publish a small portfolio of her photos of Adams County. She shared these four pages of beautiful images with us.

Jayne works as farm manager at the property she and her husband Bill own, the Beech Springs Farm in Ortanna. They offer a wedding venue in their beautiful restored barn and grounds as well as a CSA. At one of their farm-to-table dinner events, we found the chef in the garden selecting herbs for the special meal.
